Remove These Items From the Box

Thank you for purchasing the Samsung BlackJack™.

To get started, we recommend the following:

- Carefully follow the step-by-step instructions below to set up your Samsung BlackJack™ device.
- Review the User Manual on the Getting Started CD to learn the full power of what you can do with the Samsung BlackJack™.

Take note of the following components included in the box:
Samsung BlackJack™ Features

Earpiece

Power on/off key
Quick List key

Volume keys

Headset/Power adapter jack/USB or data cable

OK key

Left soft key (LSK)

Home key (short press)/Task Manager key (long press)

Send (short press)/Speakerphone key (long press)

Hold/Unhold (short press during a call)

Display

4-Way Navigation key

Right soft key (RSK)

Back/Clear key

End key (short press)/Lock key (long press)

Messaging (short press)

Backlight on/off (long press)

Microphone

Mirror

Camera lens

External Speaker

microSD™ card slot

Thumbwheel

Select/execute (short press)

Run a quick launcher (long press)

Back/Clear key (short press)

Camera (long press)
Set Up Your Samsung BlackJack™

Insert and Charge the Battery

Insert the Battery

1. Remove the battery cover by pressing the battery lock down and slide the battery cover away, as shown.

2. Place the battery with the gold tabs aligned into the phone (1) and then press the bottom of the battery down until (2) it snaps into place.

3. With the battery in position on the phone, place the cover back on the handset and slide it in until it clicks.

Charge the Battery

Use the travel adapter to charge the battery, and use only Samsung approved batteries and chargers.

1. Plug the connector of the travel adapter into the jack on the left side of the phone.

2. Plug the adapter into a standard AC wall outlet. When charging is finished, unplug the adapter from the power outlet.

Warning: Use only Samsung approved batteries for your handset.

Takes?
1 minute

Steps?
2
Takes?
1 minute

Note:
Your battery comes partially charged.

Insert the Battery

Charge the Battery
Get to Know your Samsung BlackJack™

Turn on Your Device

To turn your Samsung BlackJack™ device on, press and hold the Power ON/OFF Button. The Home screen displays with time and date/status indicators and any appointments you may have set.

Lock Your Device Keypad

To lock your device keypad, press and hold on the key.

Backlight

After 10 seconds your screen will dim to save battery usage. To turn your screen on, short press any key.

Backlight with Keypad Locked

If you have locked your device keypad (and the device goes dim) to access the screen, you must first quick press the Power ON/OFF Button to display the screen. Then press the Left Soft Key (Unlock). And finally you press the key to unlock the device.
Make Phone Calls

To connect to the wireless network successfully, your Samsung BlackJack™ must be powered on, your wireless service must be active, and you must be in a coverage area. On the top right corner of the home screen, you will find the network coverage indicator.

Wireless Network Coverage Indicator

- Full wireless coverage
- Full wireless coverage using data in 3G coverage
- No wireless coverage
- Wireless in turned off

1. On the Home screen, access the Phone screen by pressing the button or by directly pressing numeric keys on the keypad.

2. When you enter the phone number completely, press the button.

   Note: During a call, to activate the speakerphone, press and hold the key for 2 seconds.

   Note: During a call, you can place a call on hold or unhold with a short press on the key.

3. To end the call, press the button.
Set Up Voicemail

Press and hold the **1** key on your Samsung BlackJack™. You will be connected to the voicemail system, which will then ask you to:

1. Create your password.
2. Record your name.
3. Record a greeting.

Check Your Voicemail Messages

1. Press and hold the **1** key.
2. Follow the voice prompts.

Check Your Voicemail Messages From Another Phone

1. From another phone, dial your 10-digit wireless number.
2. Press the * key when you hear your personal greeting.
3. Enter your personal password.
4. Follow the voice prompts.

Note: You can check messages from other phones.

- For all locations except Puerto Rico: Dial your 10-digit wireless number and press the * key when you hear your personal greeting. Then, enter your personal passcode and follow the voice prompts.

- For users in Puerto Rico: Dial your 10-digit wireless number and press the # key when you hear your personal greeting. Then, enter your personal passcode and follow the voice prompts.
Learn to Navigate & Type

Your Samsung BlackJack™ is equipped with an innovative keyboard. You can easily and accurately type words with the phone keypad. When you select a field that requires text or numbers, the phone automatically selects the appropriate input mode. However, if you need to switch between modes, press one of the keys listed in the following illustration. See the indicator at the top of the Home Screen to identify the current text mode setting.

Input Mode Information

This information will be useful when entering a text message or email. You can enter text, numbers and symbols by using the keypad. The phone supports four input modes for entering text and numbers:

- **ABC** Press the key to change the text input mode to Upper/Lower case mode
- **123** Press the key to change the text input mode to Numeric input mode
- **@ & %** Press the key to change the text input mode to Symbols
- **: ! /** Press the key to change the text input mode to the symbols above the letter

Note: To save a keystroke, you can also press and hold the key with the letter associated to insert the symbol.
SMS Text Messaging

1. Press the message button or from the Main screen, press the Left Soft Key (Start). Select Messaging > SMS/MMS. Press OK.

2. Press the Left Soft Key (New) > SMS. Press the Left Soft Key (Select).

3. In the “To:” field, enter the recipients’ phone numbers, separating them with a semicolon (;). You can retrieve numbers from the contact list by pressing OK to select the recipient’s from your Contacts list.

4. Press the Down key and enter the message text.

   Note: To add frequently used text, press Menu > My Text to select from the available text messages. Highlight the text and press Insert or enter the corresponding number to enter the text.

5. When you have finished composing the message, press the Left Soft Key (Send).

MMS Text Messaging

1. Press the message button or from the Main screen, press the Left Soft Key (Start). Select Messaging > SMS/MMS. Press OK.

2. Press the Left Soft Key (New) > MMS. Press the Left Soft Key (Select).

3. In the “To:” field, enter the recipients’ phone numbers, separating them with a semicolon (;).

4. Press the Right Soft Key (Menu) and select Attach. Press OK. To send a picture select File. Select My Pictures folder. Use the 4-way Navigation key to highlight the photo you wish to select and press Select.

5. When you have finished composing the message, press the Left Soft Key (Send). Your MMS message is sent.

   Note: If your memory is full, a pop-up message will display stating you cannot save or send the message.

TIP!

When entering text, you can change from alpha to numeric modes by pressing and holding the associated key to access the number assigned to the alpha key.
Steps?

Takes?
2 minutes

Browse the Web

To connect to a wireless network successfully, your device must be powered on, your wireless service must be active, and you must be in a coverage area.

Open Internet Explorer

1. On the Home screen, press the Left Soft Key (Start) and then press the Left soft key (More). Select Internet Explorer and press OK.

2. Highlight web address, and press the Left Soft Key (Go) or press the Right Soft Key (Menu) to access the Address Bar and enter an internet address. Press the key to clear the text in the Internet Address Bar.

Go to a Link

1. While on a Web page, scroll vertically or horizontally to see all available links.
2. Press OK to select the link.

MEdia™ Net from Cingular

MEdia™ Net, only from Cingular, brings your favorite web pages, downloads and more to your wireless phone.

1. On the Home screen, press the Left Soft Key (Start) then select MEdia™ Net and press OK.

Note:

For web browsing, Cingular recommends a data plan. If you do not have a data plan associated with your account, please visit www.cingular.com or call 1-866-CINGULAR.
Set Up Email on Your Device

Choose an Email Setup Option

Your Windows Mobile® powered device can connect to:

- Personal email accounts such as Yahoo! Premium, AOL, Comcast, and Gmail. To setup a Personal email account, go to Personal Email Setup on page 14.

- Corporate email accounts (such as Microsoft® Exchange or Lotus Notes). To set up your corporate account, flip to page 16, Corporate Email Setup

Note:

For email, Cingular recommends a data plan. If you do not have a data plan associated with your account, please visit www.cingular.com or call 1-866-CINGULAR
Personal Email Setup on your Samsung BlackJack™

Personal email accounts include accounts you have with services like Yahoo!, Comcast or Bellsouth.

There are two ways to get personal email on your Samsung BlackJack™.

1. Xpress Mail (recommended)
   - OR -
2. Microsoft Mobile® Outlook® Mobile (Manual setup)

Cingular recommends Xpress Mail because it:

- Automates the setup process
- Includes features such as email synchronization. (This means that changes made on the Samsung BlackJack™, includes deletes, are automatically reflected in your in your personal email account.)

Xpress Mail

(Will work with the majority of email services)

1. Click “Get Xpress Mail” on the Home Screen and press OK.
2. Click “Install Now” to launch the Xpress Mail download site.
3. Click “Download Now” on the download page.
4. Click “Yes” to continue the download.

Note:

Some personal email services require a premium subscription to access email from a mobile device. If you complete this setup process and your email does not start arriving on your device, check with your provider to validate eligibility.
5. Click “OK” to accept the license agreement.

6. Enter your 10-digit mobile (cell) number (numbers only) and click Next.

7. Select “Portal or ISP” and click Next.

8. Choose your provider and click Next. (If your provider is not listed click “More” to view an additional list of personal email providers.)

9. Enter your User Name and Password and click Next.

10. Click Register and wait for the registration process to complete.

11. After successfully registering, your Samsung BlackJack™ will automatically display the Messaging section with your personal email account.

Note:
If your email provider is not listed on the two screens described here, go to www.cingular.com/tutorials/samsungblackjack for additional provider information.
Set Up Your Samsung BlackJack™ Email

Corporate Email

Send and Receive Personal Email

1. On the Home screen click Start, then click Messaging, and select Yahoo (or your personal email provider).

2. Click Menu and click Receive to synchronize your email.

3. Click New to compose a new email.

4. When you are done composing your message click Send.

Corporate Email Setup

A corporate email account (like Microsoft® Exchange or Lotus Notes) is an account managed by a company’s IT organization.

There are two ways to access your corporate email on your Samsung BlackJack™:

1. Self Service – Xpress Mail™ is a self service option for accessing your corporate email from your Samsung BlackJack™ without support from IT.

2. IT Managed – Good Mobile Messaging™ and Microsoft® Direct Push require that your IT organization install software centrally and provide you access.
Self-Service (Xpress Mail™)

Xpress Mail™ can provide wireless access to your corporate email from your Samsung BlackJack™ without support from IT.

To set up Xpress Mail™, you will need:

A. A work email address.

B. The type of mail server your company runs (Microsoft® Exchange, Lotus Notes or IMAP).

C. The computer you use to access your corporate email (must be connected to the Internet).

Start on your desktop or laptop computer

1. Open Internet Explorer to the following page:  
   http://xpressmailpe.cingular.com

2. Click on Register Now and fill in the required form fields.

Note: You will create an Xpress Mail™ user name and password in this step. You will need to remember and use this username and password later in the set up.
3. On the download page, click Download.

4. Click the Open or Run button and the desktop software will begin to download.

5. Click Yes when asked whether or not you want to install the desktop software.

6. Click Next to begin setup and follow the on screen instructions. When promoted for a user name and password, use those created in step 3 above.

7. When Xpress Mail™ has successfully connected to your corporate email account, you will receive a message confirming that your software is installed and you are now connected to Xpress Mail™.
Complete the Setup Process on your BlackJack™

1. Click Get Xpress Mail™ on your Home Screen.

2. Click “Install Now” to launch the Xpress Mail™ download site.

3. Click “Download Now” on the download page.

4. Click “Yes” to continue the download.

5. Click “OK” to accept the license agreement.

6. Enter your 10-digit mobile (cell) number (numbers only) and click Next.

7. Select Work and click Next.

8. Select Personal Edition and click Next.
9. Select Register Device and click Next.

10. Enter the User Name and Password you created online earlier and click Next.

11. Click Register.

12. After successfully registering, your Samsung BlackJack™ will automatically display the Messaging section with your corporate email account labelled Xpress Mail™.
Send and Receive Corporate Email

1. Click Start, then click Messaging and select Xpress Mail.

2. Click New to compose a new email.

3. When you are done composing your message click Send.
Enterprise Email (IT Managed) - Good™ Mobile Messaging and Microsoft® Direct Push

BEFORE YOU BEGIN do the following:

Ask your IT Administrator which wireless email solution your company supports. Confirm your IT Administrator can provide you with the information you need to get set up. Confirm you have the right data plan for your solution. If unsure, call 611 from your phone or 1-866-4CWS-B2B to speak to a customer service representative, or review your latest Cingular Wireless bill.

Good™ Mobile Messaging provides real-time wireless push synchronization of email, calendar, contacts, tasks, and notes for Microsoft® Office Outlook® and Lotus Notes. Before installing Good™ Mobile Messaging, you must have an account on your company’s Good™ Mobile Messaging server and have received set-up instructions from your IT administrator. Contact your IT department if you do not have an account. You must also have a “PDA Connect for Good” data plan active on your Cingular Wireless account.

Microsoft® Direct Push provides wireless access to your Microsoft® email, contacts, calendar and tasks. If your company has Exchange 2003 and Service Pack 2 (SP2) installed, you can get email “pushed” automatically to your device. Before activating Microsoft® Direct Push, your IT Admin must have enabled Mobile Services on the Exchange server, and you must enter the following information into your device: Server and Domain name, NT Login, and Password. Contact your IT department if you do not have that information. You must also have a “PDA Connect for Microsoft® Direct Push” data plan active on your Cingular Wireless account.
Sync Contacts, Calendar, Email and More (Optional)

Microsoft® ActiveSync synchronizes information between your phone and your PC, keeping information up to date in both devices. Before you connect your phone to your PC, you must install Microsoft® ActiveSync on the PC. ActiveSync is already installed on your phone. Microsoft® ActiveSync can be installed on your PC from the Getting Started CD.

Warning: Ensure your phone is NOT plugged in to your computer until AFTER you have completed installing Microsoft® ActiveSync.

Software Installation

1. Close all open programs on your PC before you insert the CD.
2. Insert the Getting Started CD into the CD drive of your PC.
3. Follow the instructions on the installation wizard screen to install Microsoft® ActiveSync.

Connect your phone to the PC

You will now be in the Get Connected Wizard in Microsoft® ActiveSync. To connect your phone to the PC, use the USB cable included in the box.

1. Insert the USB cable into the side of your phone.
2. Insert the USB cable into the port on your PC.

Follow the instructions to connect your phone to your PC. This will allow you to select which items you want to synchronize between your PC and phone, such as contacts, calendar, email, favorites and other information.

Synchronize Information

When you connect your Samsung BlackJack™ to your computer, Microsoft® ActiveSync will immediately synchronize. While your Samsung BlackJack™ is connected, Microsoft® ActiveSync synchronizes every time you make a change on either the computer or the phone.

2. To synchronize local information on the computer, such as Microsoft® Office Outlook® Mobile content or media files, connect your Samsung BlackJack™ to the computer through the USB cable.
3. In Microsoft® ActiveSync, click Sync.
Take a Picture, Send It To a Friend

Taking photos and shooting video clips with audio are easy with your phone’s built-in camera.

Open Camera or Video Recorder

1. To take a picture, press and hold the button on the right side of your phone. To switch between Camera and Video press the Right Soft Key (Menu) and select Camera or Camcorder.

2. Aim the camera lens toward the subject. Press the Left or Right Navigation key to change the brightness. Press the Up or Down Navigation key to zoom in or out. Press the Right Soft Key (Menu) key to select from more options.

3. Press the key to take the picture.

4. Press the Right Soft Key (Menu) > Send via MMS. Enter the information in the To:, Subject:, Cc:, and Bcc: fields and press the Left Soft Key (Send).
Transfer Music

Transferring Music

To play a song, first copy some music to your BlackJack™ phone. To download the song to your BlackJack™, you will need the following:

- Windows Media Player® 10 loaded onto your PC. You can download this at: www.microsoft.com/windows/windowsmedia/player/download/download.aspx

- Music on your PC in one of the formats: MP3, WMA, AAC.

- A microSD™ memory card is preferable to copy songs to your phone.

- Microsoft® ActiveSync® software loaded onto your PC. This is included in your CD that came with your phone. Go to the Sync Contacts, Calendar, Email and More section for instructions on how to Install ActiveSync. When the “Sync Setup” Wizard opens, click Cancel.

1. Open Windows Media Player® on your PC.

2. Connect the phone to your PC using the USB cable included in the Box. If you have Microsoft® ActiveSync® loaded on your PC to and the Sync Setup Wizard opens, cancel the window. Microsoft® ActiveSync® is needed for the PC to recognize your Samsung BlackJack™, but Windows Media Player® is the software you use to actually download songs to your Samsung BlackJack™ device.

3. In Windows Media Player® 10, click Media Library.

4. In the pane on the left, expand the All Music category by clicking the plus sign next to it, and highlight the song you want to copy to your phone.

5. Right-click a song that you want to copy, point to Add to playlist, and then click Sync List. (If the Sync List is displayed, you can also drag and drop files to the list.) The songs are added to the Sync List in the pane on the right.

6. At the bottom of the Sync List, click Start Sync.

7. The song is copied to the phone.

Note: This will also work with music store clients as long as Microsoft® ActiveSync® is installed, however I-tunes is not supported.
To play music on your phone

2. Press Menu, select Library.
3. Select Menu, Update Library. Click Done once the library has been updated.
4. Select My Music, All Music, scroll to the song you want to play, press Play.

Note: The number of files you can store depends on the size and format options of the memory card.
Cingular Music™

Cingular Music™ provides the ultimate music experience with the push of the music button. Listen to your favorite music, watch the latest music videos, and stay in the know with music news and more.

- Transfer and listen to your music with the integrated Music Player
- Purchase and load tracks from digital music stores like Napster© to your phone
- Stream dozens of commercial free XM music stations with Streaming Music
- Watch the latest music videos by clicking on Music Video
- Personalize with ringtones and Answer Tones™ under ShopMusic
- Instantly ID the title and artist of a song with MusicID
- Get the latest music news, charts and concert info from TheBuzz

1. From the Home screen press the Left Soft Key (Start) to launch the Cingular Music™ folder. Highlight the application you wish to choose and press OK.
**Instant Messaging**

If you subscribe to an instant messaging (IM) service such as AOL®, MSN®, or Yahoo!®, you can take the convenience and fun of IM on the go with your mobile phone.

1. From the Home screen press the Left Soft Key (Start) key and highlight IM & Email.

2. Highlight Get IM and press the OK key.

3. Follow the easy steps to download and install the application on your device.

4. After installation is complete, go back to the IM & Email Folder, and click on the IM (icon) to launch the application.

**Cingular Video™**

Cingular Video™ brings your phone to life. Watch news, sports, weather, and entertainment clips via Cingular’s high-speed data network while on the go.

1. From Home screen, press the Left Soft Key (Start).

2. Select Cingular Video™, then press OK to connect.

3. Once connected, select the program options you wish to view and press OK.

4. Select the clip you want to play and press OK.
Why won’t my Samsung BlackJack™ turn on?

The power might be off or the battery might not be charged. See “Charge the Battery” on page 6 for more information.

Why does my Samsung BlackJack™ not charge?

A connection might not be complete. Check that all cables and plugs are fully inserted into ports and power outlets. See “Charge the Battery” on page 7 for more information.

The battery might not be inserted properly. Turn off your device and then remove and reinsert the battery. Verify that the connectors on the battery align with the connectors on your device.

If you connect your device to the computer to charge, verify that the computer is turned on. If you connect it to the computer using a USB hub, the hub must be self powered to provide enough power to charge the device.

Why can I not send or receive e-mail messages?

Your Samsung BlackJack™ may not be connected to the wireless network. See “Connect to Wireless Network” on page 14 for more information.

Your device may not be attached to a supported e-mail address. See “Choose an Email Setup Option” on page 16 for more information.

If you still cannot send and receive messages, reset your device by removing and reinserting the battery.

How do I use Bluetooth®:

To turn on Bluetooth®, click Start > Settings > Connections > Bluetooth® press OK. Select Bluetooth®, press the OK key in the Turn on Bluetooth® checkbox, and press OK in the Make this device visible to other devices and click Done.

You can also press the fn key and the & B key to enable and disable Bluetooth®.

Note: To pair with another Bluetooth®-enabled device, see “Bluetooth®” in the user guide.

Why can I not add a supported email address?

Verify that the email account attached to the email address that you want to add supports POP3 or IMAP4. Contact your email provider for more information about the address types that you can add.
Tips and Tricks

PHONE

TO:
Turn the speakerphone on and off during a call
Change volume during a call
Switch between Default and Vibrate notification profiles
Change phone service settings
Determine if handset is currently within 3G coverage
Use the phone while out of the country

DO:
